Agenda

We will discuss current topics impacting receivers and guaranty funds. We appreciate the participation of our receivership and guaranty fund community.

- Roundtable discussion regarding federal government claim priority in health insurer receiverships:
 - Some receiverships have made determinations on the Centers for Medicare and Medicaid Services (CMS) claim, including classifying the claim as a Class 3 federal government claim. In a few cases, CMS and the United States has decided not to challenge the determination. Is there a trend developing regarding the federal government assertion of a super-priority claim?
 - During the April 2016 *Receivers & Guaranty Funds Committee* meeting, we discussed issues including whether the federal government might take a different policy position in states where there is guaranty fund coverage versus states where there is no guaranty fund coverage. What do we know now that we did not know in April 2016?
- Open forum on topics for future discussions at the R&GF Committee.
